STATE OF NEW JERSEY

GENERAL ASSEMBLY

TUESDAY, January 8, 1974

At 12 o'clock noon, Tuesday, January 8, 1974, Assemblyman-elect Christopher J. Jackman of Hudson County, called to order the first session of the One Hundred and Ninety-sixth Session of the General Assembly (the twenty-fifth under the Constitution adopted by the people in 1947) by reading the following call:

> "This being the second Tuesday of January, the time fixed for the beginning of the Legislative year, the General Assembly of the State of New Jersey is now called to order."

Mr. Jackman read the Certificate of Election.

Mr. Jackman administered the oath of office to Mr. Richard J. Codey, who administered the oath of office to the remaining members-elect.

Mr. Jackman called the roll — the members answered to their names and advanced to sign the scroll.

Prayer was offered by Rev. Arthur Jones, Pastor, Pilgrim Baptist Church, Newark, N. J.

Mr. Jackman led in the Pledge of Allegiance to the Flag.

The Rutgers Glee Club offered a rendition of the "Star Spangled Banner."

A motion was made by Mr. Hamilton, seconded by Mr. McCarthy, further seconded by Mr. Hicks, nominating Mr. Deverin as temporary chairman.

Which motion was adopted.

Mr. McManimon moved that the nominations be closed.

Which motion was adopted.

Mr. Deverin was unanimously elected as temporary chairman.

A motion was made by Mr. McManimon, seconded by Mr. Perskie, further seconded by Mr. Jackman, that Mr. S. Howard Woodson be nominated as Speaker of the General Assembly for the 1974-75 sessions.

Which motion was adopted.

Mr. McManimon addressed the General Assembly:
Members of the General Assembly:

As we organize for the purpose of conducting official business over the next two years, one very sobering thought should be evermost in our minds — we are an assembly of the people—we have been directed via the ballot-box to represent the people—

And represent them we will—

But—eighty well-intentioned law makers without effective organization and direction could well defeat the very objectives that are being sought.

Such a group needs one who can organize, who can direct, who can motivate and arbitrate — one who has devoted his life to leading.

As a clergyman he has related to his people in the high traditional sense of moral persuasion. One has but to see his church and talk with his people to appreciate the degree of success he has enjoyed in his chosen profession.

He has espoused the cause of the blacks in his community ever seeking the basic fundamental concept of an equal opportunity for all minority groups.

He has represented his constituency extremely well in a position of great trust and dedication. His people have returned him to continue to perform with great dignity.

As a man he is at once — a tower of strength, ready to do battle when required, but always able to calm troubled waters with logic and rhetoric, to compromise or retreat as the case may be, should the best interests of the State be so served.

A gentleman and a gentle man.

One who will be of great courage.

One who has the respect of both sides of the aisle.

It is indeed a high honor and a rare privilege to place in nomination for Speaker of the General Assembly for the 1974-1975 sessions, the Reverend S. Howard Woodson.

A motion was made by Mr. Salkind, that nominations be closed.

Which motion was adopted.

The Speaker addressed the General Assembly:

Chief Justice Hughes, fellow legislators, distinguished guests, ladies and gentlemen, it is with a great sense of precious privilege and high honor, tempered by a deep humility, that I stand here today.

Perhaps for some of you, my ascendancy to the post of Speaker is nothing more than a logical step in political succession. But to me, it is far more than that, it is indicative of a sometimes painfully slow but surely changing social and political order. It speaks in a kind of eloquent language to many in my own race, who for more years than they care to recall, have lived with frustrated hopes and disappointed dreams . . . and says to them despite what has been, the future does hold brighter hope and promise than the past. Somehow in these years which God has given me, despite the sometimes bitter disappointments through which I have lived, I along with many others of my race, have continued to believe, that America could and would yet, live up to the hopes and dreams of her founding fathers, that this would be the land of true opportunity for all people. My standing here today, adds a bit of strength to that belief. Where else but in this beloved land has this, or could this happen.

I do not consider this to be a personal achievement, but rather one in which hundreds, yes, even thousands have participated . . . I am what I am . . . and where I am because there have been so many unsung and perhaps, unthanked people, who across my years have shared their strength with me and permitted me to dream their dreams with them. If as I am told, this is an historic occasion that I am the first Black man to even hold this post anywhere; then all of the support I have received from so many across the bounding years has helped to write this history. To the membership of my church, which has granted me the time to serve in this capacity, I will always be grateful.

In the weeks that have followed since that hour when my Democratic colleagues so graciously offered me this opportunity, I have sought in cooperation with the leadership to begin a journey toward a stronger, more responsive and more responsible Legislature. Without exception, all with whom I have conferred have agreed that we must embark at once on a self improvement course which will eventuate into a more effective body. We have reduced the number of standing committees and have discussed with the Office of Legislative Services the pressing need to seek at once, the additional staff that is necessary for those committees to function at peak efficiency. We are in agreement that the public has a right to know what we do, and we, therefore, pledge that within the framework of physical possibility, all committee meetings will be open to public scrutiny. Committee chairmen will be mandated to release from committee as quickly as feasible those bills which can be considered for a consent calendar, and we pledge to give the minority as well as the majority ample time to consider the consent calendar before it is posted for a vote. We have created several new leadership posts and responsibilities and within the next several weeks we will propose through our rules committee such changes in our rules as we believe will make for a better operation. Within a short period of time we will put into operation a new legislative telephone room which will preclude the necessity of legislators and others using the telephones in the back rooms behind the Speaker's desk, and thus, we hope reduce the confusion which so often accompanies the steady traffic which has in the past moved in and out of these rooms. Those who will serve us as Sergeants-at-Arms will be mandated to keep all unauthorized persons out of these chambers at all times during the sessions.

The majority leadership is in complete agreement that not only adequate space must be made available to the majority, but to the minority and the same holds true for majority and minority staff.

In study after study of legislative bodies throughout the Nation, it has been found that one of the major weaknesses which too often characterizes those bodies, has been the fact that far too often they have allowed themselves the dubious luxury of simply being reactors and often rubber stampers of administrative legislative programs. Certainly our new Governor will have every right to expect that we will act responsibly and responsively to his legislative proposals. But to be simply a rubber stamp for that which this Governor or any Governor proposes is to do both the Governor and ourselves a great disservice. Just as a strong and innovative Governor is needed, particularly in these crisis laden times, so also, is a strong, innovative and resourceful Legislature.

Knowing Brendan Byrne as I do, I am confident that he agrees. This means then, that we must not only have the capability to review and evaluate and hopefully improve upon those legislative proposals which are set before us, but in addition, and of equal importance, we must be capable of seeking out and identifying on our own, those problem areas which demand legislative solution.

To allow ourselves to be simply a part-time, half hearted, impotent legislative body, in the midst of a period of dynamic social change, and increasing crisis is to do ourselves and the citizens of this State an irreparable disservice and to negate the very reason we were sent to this chamber. Sound legislative ideas must be sifted out of the myriad suggestions which our varying constituencies feel should be considered. Our task across the next two years will be a challenging one.

There is little doubt but that we will be faced with many knotty and challenging tasks in the days ahead: the implementation of the Botter decision demanding that we find a more equitable method of financing public education; the matter of dealing more forthrightly with the most insidious of all criminals, the non-addicted drug pusher whose greedy, cancerous, diabolical, damnable tentacles reach into the homes and lives of the rich and the poor alike. Our new Governor has pledged an unrelenting war against such people and we must join him in that war. Neither time nor energy will permit a recounting of the legislative challenges we will face this session, but it suffices to say that we must prepare ourselves to handle them.

Speaking as a Democrat for a moment, permit me to say that seldom in the history of New Jersey have Democrats been afforded so great an opportunity and so correspondingly great a responsibility. Only once in the past decade have we enjoyed not only solid majorities in both houses of the Legislature, but in addition, a Governor of the same political party. Such a majority while in a sense is enjoyable, yet in another, demands that we use our numerical strength with thoughtful caution and responsible determination. Let none of us presume, that the citizens of this State have conferred their trust upon us, because we as individual candidates were far superior to our opponents. To the contrary, our victory came at a time when the citizens of this State and of this Nation for that matter, were thoroughly disenchanted . . . yes, even disgusted by the perversions of power politics. They saw how they had been maneuvered and manipulated in ways that were unconscionable, and they used the most viable way at their disposal to register their discontent and displeasure. We as Democrats became the beneficiaries of that registered discontent and displeasure, and we must confess that many a good candidate on the other side of the political arena became the hapless victims of that displeasure.

Lest we forget then, that just as we have been beneficiaries, so can we become targets of the displeasure of the citizens of this State if we do not show ourselves worthy of the office to which we have been elected. To that end let us Democrats recognize that we will fulfill our elected obligations best when we seek to represent not only the interests of our own district and our parties, but the best interest of the total State as well; and that we fail as legislators when we seek to represent only our own special interest. Let us fully understand that what we do during this legislative session, may well determine not only our own political destiny, but the destiny of this Legislature and this State for many years to come.

To our Republican colleagues, I will, of course, expect that you will be a very valuable and vocal minority. Despite our partisan differences, I view your role as that of a partnership also. A partnership which from time to time may vigorously differ with us, but a differing which is not for the sake of differing, but rather, which does not agree, in the hope that out of the debate will emerge something that is better than that which has been proposed.

I pledge to you as Speaker, that I will grant within the framework of logic, reason and equity, every opportunity to give full expression to your considered thinking. Knowing some of you as I do, I have a deep and abiding respect for your several abilities, and I shall look to you as well as to the members of my own party for help in the days ahead. I am convinced, that together, we can make of this 196th session, one of the most progressive in the history of our State.

And now, let me thank all of you once again, and express a personal note of gratitude to my family for their understanding and support across many years, and to my new wife for her willingness to allow me to spend so much of my time away from home. I will ever and always be grateful to some close and personal political friends who have not only supported me, but encouraged me in less victorious circumstances. It is my continuing prayer, that God will grant to me the wisdom, the strength, and the continuing ability to fulfill the duties and responsibilities of this office; and that when it shall come to an end as comes the end to everything, I pray that I may be able to look back and say before you my colleagues and before God my maker, I have done my best.

Thank you. . . .

The Speaker named Robert Smartt as his Executive Assistant.

Mrs. Barbara Trent Smith rendered a solo.

Mr. Doyle announced:

Mr. Speaker: On the Clerk's desk are introduction copies of a Resolution to adopt Assembly Rules for the 1974 Legislative Year with the text of the proposed Rules prepared by the Committee on Rules and Order annexed thereto.

Copies of the Proposed Rules were distributed to all members on January 21. A few late changes will be available at the Clerk's desk.

I request that action on the resolution be calendared for Monday, January 28.

The Taxation Committee reported the following bill favorably without amendment:

Assembly No. 380.

The following statement was read:

To: Honorable John J. Miller, Jr., Clerk of the General Assembly.

From: Steven P. Perskie, Chairman, Assembly Committee on Taxation.

Subject: Unfavorable Report on Assembly No. 380.

Date: January 21, 1974.

The Assembly Committee on Taxation has undertaken to report on Assembly No. 380 unfavorably and to attach thereto a statement as to its reasons for doing so.

A close examination of the bill indicates that it follows closely existing law 54:1–35.35 et seq. There are two differences in the proposed bill and the existing legislation: The first is that appeal at present is made to the Director of Taxation, whereas Assembly No. 380 proposes that it be made to the County Board of Taxation; the second change involves the rendering of a decision on the appeal which at present must be made within 30 days and in Assembly No. 380 would be extended to 45 days.

The Committee feels that both changes would be a step in the wrong direction. First that the Director is far more able to determine the qualifications of firms and individuals in revaluation and in fact in both existing and proposed measures establishes the qualifications in the first instance.

Insofar as the amount of time elapsing between appeal and the rendering of a decision any extension of that time would not be in the best interest of a municipality.

The Agriculture and Environment Committee reported the following bill favorably without amendment, which bill was given second reading:

Assembly No. 532.

The County Government Committee reported the following bills favorably without amendment, which bills were given second reading:

Assembly No. 699 and Assembly Concurrent Resolution No. 39.

The Education Committee reported the following bill favorably without amendment, which bill was given second reading:

Assembly No. 395.

The Labor Relations Committee reported the following bill favorably without amendment, which bill was given second reading:

Assembly No. 788.

The Transportation and Public Utilities Committee reported the following bill favorably without amendment, which bill was given second reading:

Assembly Joint Resolution No. 5.

The Agriculture and Environment Committee reported the following bill favorably with committee amendments, which amendments were adopted on motion of the Chairman and said bill with committee amendments was given second reading:

The Taxation Committee reported the following bill favorably with committee amendments and with statement which amendments were adopted on motion of the Chairman and said bill with committee amendments was given second reading:

Assembly No. 643.

The following statement was read:

To: Honorable John J. Miller, Jr., Clerk of the General Assembly.

From: Steven P. Perskie, Chairman, Assembly Committee on Taxation.

Subject: Assembly Bill 643aca.

Date: January 21, 1974.

The Assembly Committee on Taxation today voted to release A-643aca with a statement.

In determining to release the above bill the committee took a number of factors into consideration: First, it was generally agreed that the bill had merit and that it would correct an inequity in the taxation of retail establishments.

The second factor in the committee's determination was that the retail gross receipts tax was proposed originally as a temporary measure to provide revenue for the replacement of the locally imposed business personal property tax. In view of the fact that the amount mandated for distribution to the several municipalities of the State has been far exceeded and the repeal of this tax will not bring revenues below those necessary, this tax should be repealed.

A third factor considered by the committee, yet having less cogency than the other two, was that the Bill which was a forerunner to the present bill (A-381, 1972) was acted upon favorably in the previous session.

Mr. LeFante moved that the General Assembly recess until 2 p.m.

Which motion was adopted.

The General Assembly reconvened at 2:10 p.m. and upon calling the roll the following members appeared and answered to their names:

All incidental questions of order arising after a motion is made for the previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

13:11. When a motion has been once made and carried in the affirmative or negative, or any bill has been passed or lost it shall be in order for any member who voted with the prevailing party to move for the reconsideration thereof, on the same day or on a subsequent day of actual meeting of the General Assembly thereafter, *provided, however, that in the case of a bill it shall be required that for any member to move for reconsideration thereof, the bill shall have obtained at least 30 affirmative votes;* all motions may be reconsidered, by a majority of the members present; but bills, to be reconsidered, must have the same majority that would be necessary to pass them; and such vote, on motion to reconsider, shall be by taking the yeas and nays.

Whenever a bill submitted by petition of the governing body of a county or municipality which pursuant to Article IV, Section VII, paragraph 10 of the Constitution requires the vote of ⅔ of all the members of the General Assembly for its passage shall receive the votes of a majority but less than ⅔ of all the members, the same shall not be delivered to the Senate as a passed bill and a further vote on the bill may be had at any time, on motion therefor, without adoption of a motion for reconsideration.

Amend Rules 15:1 through 15:29 to read as follows:

BILLS, JOINT RESOLUTIONS AND CONCURRENT RESOLUTIONS

15:1. a. Each bill, joint resolution and concurrent resolution shall be proposed for introduction in the General Assembly by depositing it in the Bill Box or by presenting it to the [Secretary of the Speaker] *Executive Aide to the Speaker*, in quadruplicate, each copy thereof endorsed with the signature of the member or members sponsoring the same.

b. The [Secretary] *Executive Aide* to the Speaker shall number all bills and resolutions as they are presented and make a list of them. Bills and resolutions to be printed offered for introduction in the second annual session of the same Legislature shall be numbered beginning with the number 2001.

c. After numbering and listing each bill and resolution, the [Secretary] *Executive Aide* to the Speaker shall make available one copy to the legislative correspondents, as the Speaker may direct, and shall deliver the original and two copies to the [Committee on Revision and Amendment of the Laws] *Judiciary Committee* for examination as to form.

d. After such examination and when it shall be indicated on the bill or resolution that it has been released, the said

Committee shall return the original and one copy of said bill or resolution to the [Secretary] *Executive Aide* of the Speaker, retaining one copy for the files of the Law Revision and Legislative Services Commission.

h. During the second annual session of the Legislature, no bill introduced after September 1st shall be printed except by order of the Speaker or special order of the General Assembly.

15:2a. [15:1A.] Whenever any member of the General Assembly shall desire to introduce any bill, which if enacted, would increase or decrease State revenues or increase State expenditures or would require the appropriation of State funds not set forth in dollars therein, he [may] *shall* request, in writing, the [Legislative Budget and Finance Director] *Office of Fiscal Affairs* to prepare and certify to him a fiscal note containing an estimate in dollars of the amount by which State revenues would be increased or decreased, or by which State expenditures would be increased, by reason of the enactment thereof, or of the amount of appropriation of State funds which would be required to carry out its purposes if it should be enacted, and he shall forward with such request a copy of said proposed bill.

15:2b. [15:1B] Whenever any proposed bill is delivered to the *Judiciary* Committee [on Revision and Amendment of Laws] of the General Assembly for examination as to form prior to its introduction, the Committee shall also determine whether such a bill, if enacted, would increase or decrease State revenues or increase State expenditures or would require the appropriation of State funds not set forth in dollars therein. If the Committee shall determine that the bill will have such effect upon State revenues or expenditures, the Committee shall, upon approval of the bill for introduction, endorse upon the original and each copy of said bill, a notice stating that examination of the bill indicates that such a fiscal note may be required for said bill, addressed to

(a) The Chairman of the Committee to which said bill is designated to be referred, or

(b) The Speaker, if said bill is designated by him not to be referred.

15:2c. [15:1C.] The Chairman of the Committee, or the Committee, to which any Assembly Bill, so endorsed by the

Judiciary Committee [on Revision and Amendment of Laws] of the General Assembly, is referred, shall, before reporting the bill, request the [Legislative Budget and Finance Director] *Office of Fiscal Affairs*, in writing, to cause to be prepared and certified to him, or it, a fiscal note for the bill. If such bill, so endorsed by the *Judiciary* Committee [on Revision and Amendment of Laws] of the General Assembly, is not referred but is not immediately advanced to second reading, then the Speaker shall request the [Legislative Budget and Finance Director] *Office of Fiscal Affairs*, in writing, to cause to be prepared and certified to him, a fiscal note for the bill. If the Chairman of the Committee, or the Committee, to which any Assembly bill not so endorsed by the *Judiciary* Committee [on Revision and Amendment of Laws] of the General Assembly, or any Senate bill, is referred, shall be of the opinion that the effect of such bill, if enacted, would be such that a fiscal note should be annexed to or accompany said bill, or that any statement in the nature of a fiscal note which is annexed to or accompanies said bill is not an accurate fiscal note for said bill, he, or it, shall, before reporting the bill, request the [Legislative Budget and Finance Director] *Office of Fiscal Affairs*, in writing, to cause to be prepared and certified to him, or it, a fiscal note, or an accurate fiscal note, as the case may be, for the bill. If any Assembly bill not so endorsed by the *Judiciary* Committee [on Revision and Amendment of Laws] of the General Assembly, or any Senate bill, is not referred, but is not immediately advanced to second reading, then the Speaker, if he be of the opinion that the effect of said bill, if enacted, would be such that a fiscal note should be annexed to or accompany said bill, or that any statement in the nature of a fiscal note which is annexed to or accompanies said bill is not an accurate fiscal note for said bill, shall, before the bill is advanced to second reading, request the [Legislative Budget and Finance Director] *Office of Fiscal Affairs*, in writing, to cause to be prepared and certified to him a fiscal note, or an accurate fiscal note, as the case may be, for the bill.

If the *Executive* Director *of the Office of Fiscal Affairs*, when so requested, shall determine that the effect of the bill as to which such request is made, if enacted, would be to increase or decrease State revenues, or to increase State expenditures, or to require the appropriation of State funds not set forth in dollars therein, and that no fiscal note is affixed to or accompanies said bill, or that any statement in the nature of a fiscal note, which may be annexed to or accompany said bill, is not an accurate fiscal note for said bill, he shall cause to have prepared and certified a fiscal note, or an accurate fiscal note, accordingly, and no such bill shall be reported out of Committee or have second reading until such request shall have been fully complied with, or until the Chairman of the Committee, or the Committee, or the Speaker, as the case may be, has been notified by the [Legislative Budget and Finance Director] *Office of Fiscal Affairs* that no fiscal note is required for said bill, or that any statement in the nature of a fiscal note annexed to or accompanying said bill is an accurate fiscal note for said bill.

15:2d. [15:1D] Whenever any bill of the character described in Rule *15:2a* [15:1A] is introduced and advanced to second reading, a fiscal note may be required to be furnished to it only by special order of the House and in case such an order is made the preparation of a fiscal note to said bill shall be requested, in writing, of the [Legislative Budget and Finance Director] *Office of Fiscal Affairs* by the Clerk of the General Assembly.

15:2e. [15:1E] When any request for a fiscal note is received by the [Legislative Budget and Finance Director] *Office of Fiscal Affairs,* [said] *the Executive* Director *thereof* shall thereupon make written request of the Director of the Division of Budget and Accounting in the Department of the Treasury to have such fiscal note prepared and furnished promptly to [him] (the Legislative Budget and Finance Director)] *said Executive Director* according to law or that he certify to said [Legislative Budget and Finance] *Executive* Director that no such dollar estimate can be made, stating the reason therefor as required by law.

15:2f. [15:1F.] Whenever any fiscal note to any bill shall be forwarded by the Director of the Division of Budget and Accounting to the [Legislative Budget and Finance Director] *Office of Fiscal Affairs,* the [said] *Executive* Director thereof shall examine the same as to its accuracy and

(a) if he finds it to be accurate, he shall approve it, or

(b) if he finds it to be inaccurate, he shall prepare an accurate fiscal note for the bill and he shall promptly have delivered in person or by certified mail, to the introducer whose name first appears upon the bill, a copy of the fiscal note so approved with a notice of such approval or a copy of the fiscal note prepared by him, together with a copy of the fiscal note prepared by the Director of the Division of Budget and Accounting, as the case may be, with a notice that such introducer may object to such fiscal note within 5 days after the receipt of such notice.

If such introducer shall so object, the [Legislative Budget and Finance Director] *Executive Director of the Office of Fiscal Affairs* shall, after giving consideration to such objection, determine the final form in which such fiscal note shall be certified by him and he shall certify such determination to such introducer and he shall also certify the fiscal note so approved or determined upon by him, to the Clerk of the House if such fiscal note was requested by an introducer of said bill or by said Clerk, or to the Chairman of the Committee or the Committee to which the bill has been referred, or to the Speaker of the House, if, and according as, any one of them may have requested the same and said certificate shall be printed and distributed in the same manner as bills are printed and distributed.

15:2g. [15:1G.] Whenever the Division of Budget and Accounting advises the [Legislative Budget and Finance Director] *Office of Fiscal Affairs* that it desires to change data previously submitted and incorporated in a fiscal note to reflect additional costs or reduced revenue, the [Legislative Budget and Finance Director] *Office of Fiscal Affairs* shall immediately so advise the prime sponsor of the bill; but no such new data shall be accepted by the [Legislative Budget and Finance Director] *Office of Fiscal Affairs* on the same day the subject bill is calendared for action in either House.

15:2h. Whenever any member of the General Assembly shall desire to introduce any bill which, if enacted, would increase or decrease county, municipal, school or special district revenues or require an increase in expenditures by any thereof, he may request, in writing, the preparation and certification to him a fiscal note containing an estimate in dollars of the amount by which county, municipal, school or special district revenues or expenditures would be increased or decreased. Such a request for a fiscal note shall be processed in the manner prescribed by Rules 15:2a through 15:2q.

Whenever the preparation and certification of a fiscal note with respect to a bill which would affect county, municipal, *school or special district revenue or expenditures would require an extended period of time and unduly impede consideration of the bill by the Assembly, the Office of Fiscal Affairs may so certify together with the best estimates of the fiscal impact of the bill as can be ascertained within a reasonable amount of time and such a certification shall constitute compliance with the requirements for provision of a fiscal note.*

15:3. [15:2.] Any bill, joint resolution, concurrent resolution, or resolution may be made the order of a particular day, on which day it shall be taken up, whether or not it is upon the Calendar for said day, in preference to any others whether or not they are on the Calendar.

15:4. [15:3.] The introducer of a bill, joint resolution or concurrent resolution [may] *shall* annex thereto a brief statement explaining the object of the bill or resolution and the localities or persons it will affect, which statement shall contain no more than four hundred and fifty words and shall be printed at the end of the bill or resolution under the caption "Statement".

15:5. [15:4.] Bills [and], resolutions *and proposed changes in a Standing Rule (or Order) of the General Assembly* shall be presented in typewritten, printed or other similar form in one original and three carbon or similarly duplicated copies thereof. All amendments to bills, [or] resolutions *or Standing Rules* shall be similarly presented in one original and three copies thereof. Copies of all bills, joint resolutions, concurrent resolutions and resolutions, except concurrent resolutions and resolutions otherwise ordered by the Speaker, amendments thereto and official copy reprints thereof, *and proposed changes in any Standing Rule (or Order)* shall be printed for the use of the members of the General Assembly and Senate and for public distribution in such quantities as determined by the Clerk of the General Assembly; provided, however, that no quantity in excess of one thousand copies of all bills, joint resolutions and concurrent resolutions and official copy reprints thereof shall be printed without the consent of the Speaker or order of the General Assembly.

15:6. [15:5.] When a bill is proposed for introduction which is in the form of an amendment to an existing statute, new matter shall be underlined if the bill is written or typewritten, or printed in italics if the bill is printed, and matter appearing in the statute to be amended, which is to be omitted in the bill, shall be included in its proper place in bold-faced brackets.

All bills which shall have been amended shall be reprinted in similar manner and form, the amendment being indicated as provided by paragraph f. of Rule 15A:1.

15:7. **[**15:6.**]** Two copies of every bill, joint resolution and concurrent resolution introduced shall be printed on good bond paper, to be approved by the Supervisor of Bills, one of which copies shall be retained in his office and the other of which shall be delivered to the Clerk, to be used thereafter as the official copy of said bill, joint resolution or concurrent resolution. This rule shall not apply to concurrent resolutions that are not to be printed by order of the Speaker.

15:8. **[**15:7.**]** All bills and joint resolutions, and all concurrent resolutions that are to be printed, after they shall have had first reading, shall be delivered by the Clerk to the Supervisor of Bills who shall, unless they have been previously printed, cause them to be printed. The original of each bill, joint resolution and concurrent resolution after it is printed, with a printed copy thereof, shall be returned to the Supervisor of Bills for examination as to whether or not the same has been properly printed.

15:9. **[**15:8.**]** Bills and joint resolutions which have passed their second reading, together with all amendments thereto, shall be delivered by the Clerk to the Supervisor of Bills, who shall see that they are in proper form for third reading.

The Supervisor of Bills shall forthwith have printed all such amendments and in addition he shall have reprinted all Assembly bills, joint resolutions and concurrent resolutions originating in the Assembly and amended therein, with the amendements included therein. The Supervisor of Bills shall also have printed Assembly Reprints of all bills, joint resolutions and concurrent resolutions originating in the Senate and amended by the General Assembly. One copy of each amendment to a Senate or Assembly bill or resolution adopted by the Assembly shall be delivered by the Clerk to the Judiciary Committee for examination immediately after its adoption.

15:10. **[**15:9.**]** Every bill and joint resolution, and every concurrent resolution proposing an amendment or amendments to the Constitution, shall be read three times in the General Assembly before final passage but no bill or joint resolution shall have a first and second reading on the same day without special order concurred in by a majority of all the members of the General Assembly. A concurrent resolution, other than one proposing an amendment or amendments to the Constitution, shall be before the General Assembly and may be acted upon at any time after its introduction, unless it shall have been referred to committee. Any concurrent resolution, other than one proposing an amendment or amendments to the Constitution, which has been referred to committee, shall be before the General Assembly and may be acted upon at any time after the same shall have been reported by a committee.

15:11. **[**15:10.**]** No bill or joint resolution shall be considered on third reading in the General Assembly until after the intervention of one full calendar day following the day of the second reading but if the General Assembly shall resolve by vote of three-fourths of all of its members, signified by yeas and nays entered on the Journal, that a bill or joint resolution is an emergency measure it may proceed forthwith from second to third reading.

15:12. **[**15:11.**]** Bills and joint resolutions, and concurrent resolutions that were originally printed, originating in and passed by the General Assembly and amended by the Senate, when concurred in by the General Assembly, shall be delivered by the Clerk to the Supervisor of Bills for reprinting.

15:13. **[**15:12.**]** The Supervisor of Bills shall have printed every bill, joint resolution, and every concurrent resolution that were originally printed, originating in the General Assembly which shall have been amended in the General Assembly and ordered to a third or final reading which shall be known and designated as "Official Copy Reprint." **[**The Supervisor of Bills shall deliver forty copies of all bills, joint resolutions and such concurrent resolutions designated as "Official Copy Reprint" to the Secretary of the Senate, and eighty copies to the Clerk of the General Assembly.**]** *The Supervisor of Bills shall also have printed every bill, joint resolution and every concurrent resolution, originating in the Senate and amended in the Assembly, and ordered to a third or final reading, which shall be known as "Assembly Reprint" of a Senate bill or resolution. The Supervisor of Bills shall deliver eighty* *copies of all bills, joint resolutions and such concurrent resolutions designated as "Official Copy Reprint" or "Assembly Reprint" to the Clerk of the General Assembly, and forty copies to the Secretary of the Senate.*

15:14 [15:13.] All bills, joint resolutions and concurrent resolutions previous to their final passage by the General Assembly, and all petitions, motions and reports, may be committed at the pleasure of the General Assembly. The recommitment of any bill, joint resolution or concurrent resolution proposing an amendment or amendments to the Constitution, when the same has been ordered to a third reading, shall have the effect of placing the same upon the second reading. The recommitment of any other concurrent resolution shall have the effect of placing the same upon the first reading. No motion to recommit any bill or resolution after the same has been ordered to third reading, shall be made or considered in the absence of the member introducing such bill or resolution.

15:15. [15:14.] Except when advanced prior to printing by special order or emergency resolution, printed copies of bills and joint resolutions and concurrent resolutions which are given more than one reading shall be used on their second and third readings, and no amendment shall be received to any bill or joint resolution on its third reading.

Upon the request of any member of the General Assembly no motion to advance a bill or joint resolution to third reading in advance of the availability of printed copies thereof shall be considered until duplicated copies of the bill or joint resolution, and fiscal note where required, shall have been made available to the members of the General Assembly.

15:16. [15:15.] The Supervisor of Bills shall affix his official stamp to each page of the copy, to be used as an official copy and intended to be submitted to the Governor for his approval of each bill or joint resolution ordered to a third reading when the same is found to be correct and shall deliver the same to the Clerk.

15:17. [15:16.] Original bills and joint resolutions, and concurrent resolutions that are printed, after being printed, shall be delivered by the said Supervisor of Bills to the chairman of the committee to which each such bill or resolution has been referred. If any such bill or resolution has not been referred to a committee, then such bill or resolution after being printed, shall be delivered by the Supervisor of Bills to the Clerk.

15:18. **[**15:17.**]** No bill **[**or**]**, joint resolution *or concurrent resolution ratifying an amendment to the Constitution of the United States proposed by the Congress,* shall pass the General Assembly, unless there shall be a majority of all the members of the House personally present and agreeing thereto, and the yeas and nays of the members voting on such final passage shall be entered in the Journal, that is to say, the Minutes, of the General Assembly.

15:19. **[**15:18.**]** The certification of the passage by the General Assembly of every bill and joint resolution and concurrent resolution when directed shall be signed by the Speaker and thereafter shall be delivered forthwith by the Clerk to the Senate, with all documents incident thereto, with the request, in the case of every Assembly bill, joint resolution or concurrent resolution, that the Senate concur therein. It shall be the duty of the Clerk to have all Assembly bills, joint resolutions and concurrent resolutions returned to the General Assembly after passage by the Senate.

15:20. **[**15:19.**]** When a bill originating in the Senate shall have been delivered to this House, with a message that the Senate has passed the same and requesting the concurrence of this House therein, and a bill identical therewith, originating in this House, is then pending in this House, the Senate Bill may be substituted for such Assembly Bill, on motion of a sponsor of such Assembly Bill, upon or after the second reading of the Assembly Bill and the Senate Bill may then be advanced to, and have, third reading and be passed in substitution for the Assembly Bill and take the usual course of passed bills and the sponsors of the Assembly Bill may, upon the motion of one of them, be added as co-sponsors of the Senate Bill, with the Senator or Senators who were sponsors of the Senate Bill in the Senate and the names of such co-sponsors shall be endorsed upon the jacket containing the Senate Bill. The provisions of this Rule are expressly subject to the provisions of Rule 15:11.

15:21. **[**15:20.**]** When an Assembly bill or joint resolution is returned, amended by the Senate, the message or report thereof by the Secretary of the Senate shall be read by the Clerk **[**and the amendment or amendments shall be spread upon the minutes**]**, and such an amendment or amendments shall not be referred, except upon motion, and may be concurred in at any time, upon motion with or without amendments, but the bill itself shall not be amended.

If the motion is for the General Assembly to concur in the Senate amendments without amendment, the question shall be "Will the General Assembly concur in the Senate Amendments to Assembly Bill or Joint Resolution No. ....?"

If upon said question being put, a majority of the whole General Assembly shall, by a vote of yeas and nays, entered upon the Journal, concur, the bill or joint resolution with the amendments so concurred in shall be delivered by the Clerk to the Supervisor of Bills for reprinting under the supervision of the Committee on Printed Bills and it shall then be signed and certified as are other bills or joint resolutions.

If the motion is to concur in the amendments by amending them, the proposed amendments to the amendment shall be read by the Clerk [and shall be spread upon the Minutes] and the question shall be "Will the General Assembly concur in the Senate Amendments, as amended, to Assembly Bill or Joint Resolution No. ....?"

If upon said question being put, a majority of the whole General Assembly shall by a vote of yeas and nays, entered upon the Journal, concur, the bill or joint resolution, with the Senate amendments as amended by the General Assembly printed separately, shall be certified as other bills or joint resolutions and be returned forthwith to the Senate for its action thereon.

15:22. [15:21.] When a Senate bill or joint resolution has been amended by the General Assembly and the Senate shall refuse to concur therein, the message and report thereof by the Secretary of the Senate to this House shall be read by the Clerk and spread upon the Minutes and, if the General Assembly desires to recede from said amendment, the question shal be "Will the General Assembly recede from the Assembly Amendment or Amendments to Senate Bill or Joint Resolution No. ....?"

If, upon such question being put, a majority of all the General Assembly shall, by a vote of yeas and nays, agree to recede from the amendment said vote shall constitute the final passage of the bill without amendment or the amendments from which the House has receded.

15:23. [15:22.] When a bill, joint resolution or concurrent resolution proposing an amendment or amendments to the Constitution, originating in the Senate, shall have been delivered to the General Assembly with a message that the Senate has passed the same and requesting the concurrence of this House therein, the reading of the message shall be taken as the introduction and first reading in this House of such bill, joint resolution or concurrent resolution and it shall then be referred, unless the House shall otherwise order, and shall take the same course as is taken by bills originating in this House, but it shall not be reprinted.

15:24. [15:23.] When a concurrent resolution, other than one proposing an amendment or amendments to the Constitution, is returned amended by the Senate, the message or report thereof by the secretary of the Senate shall be taken as its first reading and, unless it shall be referred to a committee, it shall be entitled to a final reading on the same day, without a motion for that purpose.

15:25. [15:24.] One copy of every amendment to each bill, joint resolution or concurrent resolution amended in the General Assembly, after its report by the committee which it was referred, which is ordered to be reprinted and have a third reading, shall be delivered to the *Judiciary* Committee [on Revision and Amendment of the Laws] for examination, and if it be found that such amendment agrees with the context of the bill, the Supervisor of Bills shall cause to be printed all such amendments and, in addition, if the bill or resolution originated in the General Assembly, he shall cause the bill or resolution to be printed with the amendments included therein.

15:26. [15:25.] No private, local or special bill shall be introduced in the General Assembly unless and until proof of publication of notice of intention to apply for its passage, as required by R. S. 1:6–1 et seq., shall have been filed with the Clerk of the General Assembly.

15:27. [15:26.] When any bill, joint resolution or concurrent resolution proposing an amendment or amendments to the Constitution shall have passed third reading in the General Assembly,

(a) the Speaker shall certify thereon as of the date when the same passed third reading as follows:

General Assembly .... 19 ..

This (bill, joint resolution or concurrent resolution), having been three times read in the General Assembly,

Resolved, That the same do pass.

By order of the General Assembly.

....

Speaker of the General Assembly.

unless the same shall have so passed amended, in which case the Speaker shall so indicate in the resolution as so certified, and

(b) the Clerk shall endorse thereon the date when said bill was introduced in the General Assembly, if it originated in the Senate and the date upon which it had each of the three readings in the General Assembly and the number of votes cast for and against this passage and also if the same originated in the General Assembly that said bill, joint resolution or concurrent resolution did so originate, and

(c) the Clerk shall forwrad such bill, joint resolution or concurrent resolution to the Senate with a written message informing the Senate that the General Assembly has passed it and, if the same originated in the General Assembly, requesting the concurrence of the Senate therein, but if the same, having originated in the Senate, has been amended in the General Assembly, the Clerk shall request a concurrence by the Senate in such amendments in his said message.

15:28. [15:27.] All Senate and Assembly bills pending before the General Assembly upon the adjournment sine die of the first annual session of a Legislature shall maintain their status and be pending before the second annual session of the same Legislature upon its convening and organization.

15:29. [15:28.] Upon the adjournment sine die of the first annual session of a Legislature, the Clerk of the General Assembly shall cause to be made an inventory of those printed Assembly bills and resolutions which will remain pending before the second annual session and shall order a further printing of those in short supply for the use of the members and the public, in such quantity as he shall determine, not in excess of the number prescribed in Rule [15:4]*15:5.*

Resolution to support united farm workers' boycott of non-UFW iceberg lettuce, grapes, from California.

Whereas, Migrant farm workers have worked under the most severe and unjust conditions in the fields and orchards of this country,

Whereas, They have suffered through the use of child labor, a system of labor contracting which exposes them to the cruel treatment of exploitative labor contractors, uncontrolled pesticide use, substandard housing and health and safety protections, and an average yearly income of $2,400 per family, and

Whereas, Under no protection from the laws of the land but under the leadership of Cesar Chavez and the United Farm Workers, AFL-CIO, farm workers have been able to organize themselves into a union of their own and nonviolently influence corporate growers through the great grape strike and boycott, and

Whereas, Through the contracts signed with lettuce and grape producers in 1970 the United Farm Workers instituted the hiring hall system to end child labor and the labor contractor practice, banned the most dangerous pesticides, established health clinics and guaranteed field workers a human wage, and

Whereas, These contracts having expired have not been renewed, nor have elections been held to determine the will of the farm workers, and farm workers have again been forced to strike, and to avoid violence inflicted upon them have resumed their non-violent boycott of California iceberg lettuce, and table grapes as their only means to defend their union, and

Whereas, The United Farm Workers of America, AFL-CIO is presently conducting another international boycott of these products and this union is asking for public, church, political, and labor support for their struggle, therefore

Be It Resolved, That the Legislative Assembly of the State of New Jersey goes on record as endorsing the UFW boycott of non-United Farm Workers lettuce and grapes, from California, and

Be It Further Resolved, That the State Assembly urges the citizens of New Jersey to refrain from purchasing non-UFW lettuce and grapes from California until growers grant their workers the right to choose their own representation, and

Be It Further Resolved, That the State Assembly will urge the Honorable Brendan T. Byrne to likewise endorse the UFW boycott of these products and to enforce the boycott in all State institutions under the fiscal responsibility of this body, and

Be It Further Resolved, That the State Assembly recommends a special week commencing April 28, 1974 to be set aside with the designation of ‘‘United Farm Workers Week’’ in the State of New Jersey, and

Be It Further Resolved, That copies of this resolution be sent to the offices of the following chain stores that they might realize the importance of the Farm Workers Boycott to the future of poor people in these United States: A & P, Grand Union, Pathmark, Shop-Rite, Acme, Pantry Pride, Penn Fruit, Stop & Shop, Finast, and Mid-Eastern, and

Be It Further Resolved, That copies of this resolution be sent also to the President of the United States, the Chairman of the Senate Labor Committee, and to Governor Ronald Reagan of the State of California.

An Assembly Resolution relating to the proposed increase of Port Authority Trans-Hudson railway fares from 30 to 50 cents, affirming that in the best interests of the State of New Jersey it is imperative that the 30-cent fare be maintained, and directing the presentation of a duly authenticated copy of this resolution to the Interstate Commerce Commission.

WHEREAS, The Port Authority of New York and New Jersey has been charged with the responsibility for operating the vital mass transit railroad known as P.A.T.H. (Port Authority Trans-Hudson), serving approximately 150,000 riders daily, the majority of whom are residents of New Jersey; and,

WHEREAS, An application by P.A.T.H. for a 66⅔% fare increase, from 30 cents to 50 cents, is now pending before the Interstate Commerce Commission; and,

WHEREAS, The economic well-being of hundreds of thousands of New Jersey citizens is dependent upon rapid and cheap rail transit into New York; and,

WHEREAS, Lower fares are necessary to keep and attract new riders to environmentally safe railroads, and higher tariffs have the opposite effect, driving riders away from mass-transit railroads; and,

WHEREAS, There now exists and will long continue a serious energy crisis, which can in part be alleviated by the use of mass-transit railroads; and,

WHEREAS, Plans to extend P.A.T.H., now being considered, may be seriously jeopardized, with a possible loss of Federal funding, if riders are driven away from this line by the proposed fare increase; and,

WHEREAS, The Port Authority of New York and New Jersey has for 12 years been able to operate P.A.T.H. efficiently out of its vast resources and income without the need to increase the existing 30-cent fare; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey:

1. In the best interests of the State of New Jersey it is imperative that the 30-cent P.A.T.H. fare be maintained.

2. A duly authenticated copy of this resolution shall be presented to the Interstate Commerce Commission on February 11, 1974, at the public hearing scheduled at the Freeholders' Chambers in the Hudson County Administration Building, Jersey City.

Whereas, All conceivable alternatives to help meet the energy crisis should be pursued; now,

Be It Resolved by the General Assembly of the State of New Jersey:

That (a) the Energy Crisis Study Commission is hereby directed to examine the feasibility of using windmills to generate electricity and, (b) the Commission invite Professor William Heronemus of the University of Massachusetts to testify.

The following statement was reported from the committee:

Assembly Bill No. 1005 ACA
Committee Statement

The Assembly Taxation Committee acted favorably on Assembly Bill No. 1005 with certain committee amendments.

It was the sense of the committee and concurred in by the sponsor that the concern of the bill was directed to revaluation rather than reassessment, thus the change in the language to reflect this concern.

In order to preclude the interpretation of the bill to prohibit individual assessors from updating their assessment lists and added assessments, the language "throughout a" taxing district was added.

To provide a definite cut off date for the moratorium, the date December 31, 1975 was substituted for the two-year provision.

The committee is in total accord with the revaluation of any taxing district, but in the light of the existing effort toward reform of the property tax structure, the members believe a moratorium on directed revaluations should be made at the discretion of the Director of the Division of Taxation until such time as the form and substance of such reform is determined. Revaluations are costly and to force such a move upon any municipality might easily be a waste of the taxpayers' money.

On motion of Mr. Woodson Assembly No. 8 was withdrawn from the files.

Statement to Assembly No. 804:

The intent of this bill, as amended by the Municipal Government Committee of the General Assembly, is to assure that a local redevelopment agency will not be abolished upon the adoption of a new form of government under the Optional Municipal Charter Law. At the same time, the committee amendment grants the new governing body total discretion in appointing the commissioners of a local redevelopment agency.

Statement to Assembly No. 498:

The bill concerns the enactment of an ordinance by the process of popular initiative in municipalities with a commission form of government.

The original bill amended the present law so as to require that at least 50% of the qualified electors cast ballots at such elections.

The committee amendment requires that the 50% of the qualified voters actually cast their ballots on the question of the proposed ordinance. The amendment is designed to avoid a situation where an ordinance is adopted by popular referendum merely because 50% of the qualified voters cast ballots on some other question which may be submitted to the voters at the same election as the proposed ordinance.

The committee believes this amendment to be consistent with the main objective of the sponsor, which is to reduce the possibilities of a small and unrepresentative group of voters substituting their will for that of the popularly elected representatives of the general community.

Messrs. Kean, Burstein and Jackman offered the following resolution, which was read by the Clerk and adopted:

Whereas, Drug addition has grown in devastating proportions destroying individuals and families from the very poor to the very rich; and

Whereas, The "merchants of death" know the hopelessness of drug addition and have created a drug market which forces helpless addicts to prey on strangers and families, robbing them of money and property to purchase these death substances, assaulting and even killing their victims in the process; and

Whereas, The problem of international drug traffic is beyond the control of local authorities and requires a national and international force to fight the flow of drugs from the source to the arms of our young people; and

Whereas, Nothing short of an all-out "War On Drugs" can effectively stop this ugly plague; this merciless money-making device; this potential destroyer of our society; now, therefore

Be It Resolved by the General Assembly of the State of New Jersey:

That the State urge all citizens to help focus attention on this tragic problem by joining in the "March On Death," April 10th in Newark, sponsored by the National Committee to Declare War on Drugs, President, former Assemblyman George C. Richardson; and

Be It Further Resolved, That each citizen be charged with the responsibility of cooperating with all law enforcement, attempting arrest and conviction of organized crime drug sources and pushers, and helping in any way possible to bring the thousands of addicts in our State back to a fruitful, self-satisfying and peaceful life; and

Be It Further Resolved, That a copy of this resolution, signed by the Speaker and attested to by the Clerk of the New Jersey General Assembly, be forwarded to George C. Richardson, President of the National Committee to Declare War on Drugs.

Statement on

Assembly No. 93, with Assembly committee amendments.

Assembly No. 93 would provide education benefits for Viet Nam veterans.

Benefits, paid directly to the approved educational institution, would amount to the lesser of full tuition or:

a. For educational institutions operating on a semester system, $200.00 per semester.

b. For educational institutions operating on a quarter system, $100.00 per quarter.

c. For institutions not operating on the semester or quarter system, $400.00 per full school year.

d. For veterans in a part time program, the amount shall be determined by the Commissioner of Institutions and Agencies.

The duration of the educational benefit depends upon the amount of time the veteran spent on active duty after December 31, 1960, and before the date of termination of such benefit as will be proclaimed by the Governor. The maximum benefit of four years of education is achieved after serving 18 months on active duty. Those serving less than 18 months would receive the full amount provided above but for a reduced period of time.

In order to receive such benefits, a veteran would have to be a resident of New Jersey and eligible for Veterans Educational Assistance under Federal Law and (1) have been domiciled in the State either at the time of his induction into the armed forces or at the time of his discharge therefrom, or (2) been domiciled in New Jersey for a period of not less than two consecutive years exclusive of any time spent on active duty.

Assembly No. 174 with a Statement,

Statement to Assembly No. 174.

This bill provides a formula for distributing State aid to certain municipalities with small but densely concentrated population and distinctly low taxing capacity. These municipalities may generally be described as the former "town centers" of rural (or formerly rural) areas; and such centers have lost or are losing their economic vitality because of changes in the patterns of transportation, commerce and land development. Except for size (5,000 or less population) the municipalities which this bill would aid suffer from the same pattern of decline which has afflicted the larger urban centers. To qualify for aid under this bill a small municipality would have to have a population density which is (1) not less than 1,000 per square mile and (2) not less than four times that of the neighboring municipalities of its area; and its tax ratables per capita would have to be more than 4/5 the average of the county in which it is situated.

All the municipalities qualifying under those criteria would receive a proportion of whatever amount is appropriated for the purpose. The share of each qualifying municipality would bear the same proportion to the total amount distributed as its population bears to the total population of all qualifying municipalities. The actual amounts involved depend upon the appropriation made by law, which is not specified in this bill.

COMMITTEE STATEMENT

A-222 ACA

This bill would have placed a new section in the law, but the committee felt it should be amendatory to an existing statute with which it is allied. Hence the amendments.

The Taxation Committee reported the following bill favorably with committee amendments, which amendments were adopted on motion of the Chairman and said bill with committee amendments was given second reading:

Assembly No. 106 with statement.

COMMITTEE STATEMENT

A-106 ACA

The committee amended A-106 to provide more graduated filing fees for tax appeals. To provide for one fee for appeals on all property under $100,000 and one for appeals on all property over $100,000 was felt to be too abrupt. Therefore, the cut-off point was set at less than $50,000, a bracket of $50,000 to $100,000 inserted and the over $100,000 category left the same. For the three brackets, the fees were changed to $5, $15, and $50 respectively.

The bill was amended, also, to provide that the total valuation of land and improvements is to be used in calculating the fee required, despite the fact that an appeal may be taken only on the land or the improvement.

The Taxation Committee reported the following bill favorably with committee amendments, which amendments were adopted on motion of the Chairman and said bill with committee amendments was given second reading:

Whereas, The United States has unanimously adopted a resolution condemning this act as "an affront to human decency and standards of civilized conduct between nations''; and,

Whereas, Similar condemnation has been voiced by numerous world leaders, including the President of the United States, the Prime Minister of the United Kingdom, the Secretary General of the United Nations and Pope Paul VI; and,

Whereas, No national cause or political motive can excuse or palliate such bestial violation of the elementary obligations of humanity; now, therefore,

That this House does hereby emphatically and unreservedly condemn the recent terrorist action at Maalot, and expresses its disgust and abhorrence thereof, and calls upon responsible leaders of all the nations of the world, including the Arab nations, to denounce and repudiate such terrorist tactics as being incompatible with the attainment of any aim worthy of human beings and eternally disgraceful to any nation, cause or faction which may thus attempt to attain its objectives; and

ASSEMBLY TAXATION COMMITTEE
COMMITTEE STATEMENT
A-1724, A-1886, A-1887

The above numbered bills together with Assembly No. 649, Assembly No. 650 and Assembly No. 651 which are presently on second reading in the General Assembly are called to the attention of the members of the General Assembly as a package of bills which in the Committee's view are necessary to improve assessments and assessment procedures and appeals in all matters of taxation.

The present appeal structure is such that many appeals are not decided for 3 or 4 years. Such a condition is an imposition upon the taxpayer who pays the bills for he should have quick disposition of any appeal.

If we are to have tax reform it is not enough to alter the tax structure but it is also necessary to improve the procedures in the administration of all taxes. The assessment of real property and the administrative supervision of assessment procedure by the State leaves much to be desired. The Taxation Committee of the General Assembly believes that it is in the interest of the taxpayer, of the local assessor and of the State to give thorough and serious consideration to the bills aforementioned.

1. Definitions.

a. "District Office" means the office from which a member or group of members of the Legislature conduct legislative business. A district office need not be within the geographical limits of the member's legislative district provided it is in a location convenient to the constituents of the member's district.

b. "Rent" means and includes (1) the amount the State will pay under a lease for district office space, and (2) the installation and basic monthly charge the State will pay for telephone service in a district office.

c. "Furnishings" means and includes the monthly charge the State will pay for a copier machine in a district office including the specified monthly use thereof as set forth in the rental agreement and the items of office furniture and equipment the State will purchase and provide for a district office. A sample guideline list of office furnishings is annexed to these rules. All furnishings supplied by the State are the property of the State of New Jersey. "Furnishings" does not mean or include airconditioning units, carpet, rugs, shades, draperies, signs, pictures or other decorative items or installations.

d. "Director" means the Director of the Division of Purchase and Property in the Department of the Treasury to whom is delegated the authority and responsibility for negotiating leases and rental agreements and the purchase and delivery of furnishings for district offices and to whom all requests for district office rentals and purchases shall be directed.

2. Within the limits of appropriations therefor and in accordance with these rules each member of the Senate and General Assembly is authorized to establish and maintain with State support a district office. Senators and Assemblymen representing the same Legislative District are encouraged to establish a joint district office.

State expenditures for any member's district office during the year commencing July 1, 1974 shall not exceed a total of $5,000 for rent and furnishings nor more than $3,000 for either rent or furnishings. Furnishings, telephone service and a rental copier may be supplied for use in a district office located in premises owned or rented by a member.

3. Responsibilities of members in re District Offices.

a. A member will execute and deliver to the Director a receipt for all State-owned property installed in his district office and shall agree to make the same available for return to the State in good condition, fair wear and tear excepted, upon termination of his membership in the Legislature.

b. It is not necessary for members to insure furnishings supplied by the State for loss occasioned by fire; the State is a self-insurer for such furnishings.

c. A member will be billed for and shall pay charges for copier use in excess of those authorized for payment by the State.

d. On receipt of periodic telephone toll charges the member will pay the State for all personal calls charged to his district office phone and shall account for official toll calls as heretofore.

e. Paper and other office supplies may not be ordered through the Director of the Division of Purchase and Property.

4. Responsibilities of the Director.

a. State leases for office space shall not exceed the square feet specified in the annexed list and shall be for the remainder of a member's elective term and shall provide for cancellation in the event a member ceases to be a member of the Legislature. Public liability insurance will be a subject of lease negotiation. Options for renewal may be included.

b. The Director may accept a member's assignment of an existing lease if the terms thereof meet the State's requirements.

c. District office telephone installations shall be one line and two instruments per member.

d. To permit standardization within a district office the Director is authorized to approve and purchase or rent approved items of furnishings of a make or manufacture other than as listed on the annexed list.

e. The Director will supply the President of the Senate and the Speaker of the General Assembly with a duplicate record of items and services supplied each Senator's or Assemblyman's district office.

f. The Director is not authorized to purchase furnishings owned by a member.

5. Upon request of the Director the President of the Senate and the Speaker of the General Assembly will by debit and credit transfer funds from the appropriations for members' district offices to the Division of Purchase and Property.

6. Funds authorized for district office furnishings are based upon a useful life expectancy for furniture of 10 years and for typewriters of 6 years. STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
September 19, 1974.

ASSEMBLY BILL NO. 90

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 90, without my approval.

Assembly Bill No. 90 would supplement Chapter 14 of Title 52 of the Revised Statutes so that the Director of the Division of Budget and Accounting in the Department of the Treasury would be required to advance certain funds for the travel expenses of State employees. Under section 1.2 of the State Travel Regulations currently in effect, the Director may, in his discretion, advance 75 percent of anticipated travel expenses between $100 and $250, and may advance 90 percent of anticipated travel expenses in excess of $250. Assembly Bill No. 90 would require the Director of the Division of Budget and Accounting to advance anticipated travel expenditures of less than $100.

This bill would substantially increase the flow of documents regarding travel expenses as well as require considerable bookkeeping for each employee's advance travel account. It would thereby impair the efficiency of governmental operations. It is estimated that in order to provide, and account for, small advances for day-to-day travel, the Division of Budget and Accounting would have to add several employees for each of the major departments. The cost of this bill to the State is, therefore, unreasonable.

In addition, the Director of the Division of Budget and Accounting is currently reevaluating the present State travel regulations in all respects. As part of that reevaluation, I have directed the Director to explore the possibility of revising the regulations to permit the advance of some anticipated expenditures of less than $100, but not the advance of the smallest sums.

I, therefore, must return Assembly Bill No. 90 without my approval.

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.
Attest:
/s/ DONALD LAN,
Executive Secretary to the Governor.

ASSEMBLY BILL NO. 91

To the General Assembly:

I herewith return Assembly Bill No. 91 without my approval, pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, for the following reasons.

This bill amends Title 36 of the Revised Statutes so as to change Veterans Day from the fourth Monday in October to the eleventh day of November. After the United States Congress established a series of Monday federal holidays through 5 U. S. C. § 6103, the New Jersey Legislature did likewise for State holidays. Since then, some 40 states have, primarily at the urging of veterans organizations, returned to November 11 as the Veterans Day holiday for State purposes. I understand the emotional support behind this bill, from Veterans and Veterans' Organizations, and have read the letters of support which have flowed into the Executive offices. The Veterans often do not get the public recognition and support they deserve.

This bill is certain to result in some confusion however. With regard to the State, employees of the Department of Defense, at the very least, would continue to observe the fourth Monday in October as their Veterans Day holiday by virtue of the preemptive effect of 5 U. S. C. § 2105, which defines those persons subject to 5 U. S. C. § 6103. In addition, in this energy conscious era, many institutions, such as the public schools, would consume more energy in shutting down and reopening in the middle of a week than in shutting down for a three-day weekend. With regard to the private sector, the banking industry especially would be affected, because of the federal and State character of the industry. More importantly, I have learned that a number of labor union contracts leave open the possibility that if the State were to change Veterans Day, a viable claim could be made that the union membership would be entitled to two paid holidays called Veterans Day.

I note that if the popular support for this type of legislation is as strong as its proponents describe, the United States Congress should not be reluctant to amend 5 U. S. C. § 6103 so as to change the date of observance of Veterans Day. I would, of course, then urge the New Jersey Legislature to conform State law to the amended federal law. Under present circumstances, however, I feel that I must return Assembly Bill No. 91 without my approval.

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

/s/ DONALD LAN,
Executive Secretary to the Governor.

STATE OF NEW JERSEY,

ASSEMBLY BILL NO. 1168 (OCR)

To the General Assembly:

I return Assembly Bill No. 1168 (OCR) without my approval, pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, for the following reasons.

This bill exempts from service on any panel of grand or petit jurors any individual enrolled as a student or intern on a full-time basis in any high school, college, university, graduate school, seminary, vocational school or other educational institution. I am not persuaded that good reason exists to exempt students from jury service, which is one of the most important of any citizen's duties. Indeed, jury service could be considered an important part of any student's education.

Moreover, this bill further narrows the range of persons to be found in any jury pool, a range already narrow because of the absolute exemptions written into N. J. S. 2A:69–2 and because of the operation of the challenge system to exclude persons of unusual income or education. In view of the reduction of the age of majority from 21 years to 18 years, this bill is particularly inappropriate in that a defendant falling within that age group would find it virtually impossible to have one of his peers as a juror. A good number of recent judicial decisions have focused on claims by defendants relating to this very point. As a practical matter, it should be emphasized that judges currently possess considerable authority to exempt from jury duty persons, such as students during the actual school year, for whom such duty would constitute an unusual hardship. This existing flexibility is superior to the absolute exemption provided by this bill.

I am, therefore, returning Assembly Bill No. 1168 (OCR) without my approval.

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

Attest:
/s/ DONALD LAN,
Executive Secretary to the Governor.

Whereas, On October 14, 1974 President Ford vetoed legislation which would discontinue American aid to Turkey pending satisfactory resolution, or substantial progress toward such resolution, of the crisis caused by Turkish aggression against the Republic of Cyprus; and,

Whereas, By employing in the invasion of Cyprus military equipment furnished by this country on the strict condition that it be used solely for purposes of defense, Turkey has violated the terms under which such aid was furnished pursuant to existing United States law; and,

Whereas, Continuance of American aid under the present circumstances constitutes a subsidy of Turkey's ruthless and unlawful aggression against a sovereign state and countenances a continuing violation of the laws of the United States as well as of the law of nations; and,

Whereas, Such violations of both law and principle cannot be countenanced upon the grounds of expediency for the purposes of negotiation, which grounds were advanced by President Ford in justification of his exercise of the veto power; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey:

That this House hereby respectfully calls upon the Senate and House of Representatives of the United States to act promptly and decisively to override President Ford's veto, and by so doing to assure that our foreign-aid laws shall be properly and lawfully administered and that the influence of this nation shall be exercised toward the deterrence of unlawful aggression and the encouragement of just and peaceful solutions of international disputes; and,

Be It Further Resolved, That duly authenticated copies of this resolution, signed by the Speaker and attested by the Clerk, shall be forthwith transmitted to the President pro-tempore of the United States Senate, the Speaker of the United States House of Representatives and each of the members of Congress from this State.
